VLA Field Trip

We will be taking a field trip to the VLA on Sunday, February 3. The tour will start at 10:00AM. Transportation to the VLA will involve carpooling, so we need volunteers to drive their car. We'll meet in the parking lot of the Physics and Astronomy building 8:00AM, and leave from there as soon as we can. Should you get separated on the drive to the VLA, or you are not traveling with the large group, directions and a map are included. If you are driving, I recommend you take it along. Dress warmly, and perhaps bring a snack/drink.

From Albuquerque:
- Get on I-25 southbound.
- Head south for about 65 miles.
- Take exit number 150 for Socorro.
- At the end of the ramp, continue straight.
- After about a mile, take a right to continue on Route 60 West.
- At the next stop sign, take a left.
- Continue on 60 West for about 50 miles.
- When you see a big, flat plain with lots of little dishes on it, slow down.
- There will be a road leading off to the left, signed “Dusty”. Take it.
- At the stop sign, take a right.
- Park in front of the Visitor Center. You’re there!
